Blades bring a ray of sunshine into Malta hospital

Published Date: 30 March 2009

By Nick Ward

WHEREVER Ugo it makes someone's day.

Here we see Blades centre half Ugo Ehiogu doing exactly that during a recent visit to a hospital in Malta.

Ugo and his team-mate Billy Sharp visited Mater Dei Hospital in Birkirkara where they took the opportunity to chat to youngsters recovering on the wards.

A spokesman for the hospital said: "The team were in Malta for a three-day training camp and specifically requested to visit the hospital in order to give out token gifts and spread smiles among the children."

Following the hospital visit players and coaches were involved in a morning training session at Ta' Qali.
